EMERGENCY LIGHTING

K4 LIGHT

YOUR STANDARD IN EMERGENCY LIGHTING

Excellent photometric performance

- ▶ Suitable for escape route and anti-panic lighting

Durable LiFePO4 battery

- ▶ Extended lifespan and shelf life

Effortless installation

- ▶ Through-wiring for cables up to 5x2.5mm²

Universal appeal

- ▶ Compact design suitable for diverse applications

5 year warranty

- ▶ Battery included

K4 LIGHT

NOTHING TO HIDE

ETAP tomorrow's light

Transparent polycarbonate housing
Minimal additives for improved recyclability

LiFePO4 battery

Indication LED

ø 80 mm

High-performance optics

K4 LIGHT

EASY TO INSTALL & MAINTAIN

ETAP tomorrow's light

110 mm

Stainless Steel springs
for ceiling thicknesses
from 1 to 25 mm

Ceiling cutout with
standard 68 mm
hole saw

Angled driver housing
for easy installation
in low ceilings

Push-in contacts

no screws - fits up to 4 separate cables
Through-wiring for cables up to 5x2.5mm²

**Easy battery
replacement**
no need to
disconnect
the luminaire

▶ Check out the K4 installation video on YouTube.

K4 LIGHT

LITHIUM IRON PHOSPHATE BATTERIES

Lithium iron phosphate (LiFePO₄) battery advantages:

- **Reliable**
EST+ tests the battery autonomy at startup & every 3 months
- **Safe**
Battery temperature is monitored. Advanced charging algorithm protects against overcharging and deep discharge.

- **No heavy metals**
no nickel, no cadmium, no cobalt
- **Long shelf storage**
up to 6 months
- **Low energy consumption**
75% lower standby energy consumption than NiMH
- **Low volume and weight**
50% lighter than NiMH

K4 LIGHT

CIRCULARITY

ENDLESS

Long lifetime:

- High-quality components
- 5-year warranty, including battery performance

EFFORTLESS

- Easy to replace battery, accessible even without disconnecting luminaire
- Easy to install through a standard Ø68 mm hole
- Through-wiring for cables up to 5x2.5mm²

WASTELESS

Excellent recyclability:

- Electronics in transparent polycarbonate housing for best recyclability quality
- LiFePO4 batteries: 50% less material
- LiFePO4 battery: no nickel, no cadmium, no cobalt
- Luminaire is easily disassembled: no glue

Designed and manufactured in Belgium.
